EXPERIENCE

Front-End Developer & WordPress Developer Nov 2025 — Current
- Lahore

I am a passionate Front-End Developer and WordPress Developer with skills in HTML, CSS, JavaScript, PHP, and MySQL. I create responsive, SEO-friendly, and user-friendly websites using modern front-end practices and WordPress. I specialize in theme customization, plugin integration, and performance optimization. Currently, I am pursuing a Software Engineering Diploma at Aptech and continuously improving my development skills. I am eager to contribute to real-world projects and grow as a professional developer.

EDUCATION

Aptech Computer Education Pakistan Nov 2025
Lahore | Software Engineering

Currently enrolled in the 3-year Higher Diploma in Software Engineering (HDSE) program at Aptech Computer Education. The program provides comprehensive knowledge of software development, web technologies, programming concepts, database management, and software engineering methodologies. Through academic coursework and practical projects, I have gained hands-on experience in Front-End Development using HTML, CSS, and JavaScript, as well as WordPress website development, PHP, and MySQL. The program has strengthened my problem-solving, analytical, and technical skills while preparing me for professional roles in the software and web development industry.
